Summary

"Success is not final; failure is not fatal; it is the courage to continue that counts"

I am currently a student at Niagara College Canada. I am enrolled in the Computer Programming and Analysis(Co-op) program. Over the years, I have learned a lot about web functionality, database, designs and so much more using various forms of programming languages. I am Highly-motivated with the desire to take on new challenges. I have strong work ethics, adaptability, good interpersonal skills and always ready make an impact to help the business succeed.

Skills

- Excellent Communication
- Flexible and Adaptable
- Problem-Solving
- Team Work/ Team Presentations
- Operating networks & Network Security
- HTML/CSS
- Spreadsheets
- Object-Oriented Programming
- Software Development
- Database Programming
- Rapid Application Development (RAD)
- Design Patterns (MVC)
- Data Warehousing
- Microsoft PowerBI (Individual Learning)
- Big Data Programming (Oracle VM, python, etc.)
- Contemporary Storage Systems Programming (NoSQL/MongoDB, JSON, Python, Panda & NumPy)

Experience

- 06/2023 - 09/2023
WirePick
Lusaka, Zambia
System Developer (Co-op)
 - Developed Mobile applications using React (Java Script Library).
 - Provided technical support to end users having difficulty operating the developed applications.
 - Worked closely with systems analysts, engineers and programmers to understand limitations, develop capabilities and resolve software problems.
 - Assessed code during testing stage to determine potential glitches and bugs.
 - Performed unit testing and debugging of system components.
 - Resolved customer complaints related to system malfunctions or errors in a timely manner.
- 09/2022 - 12/2022
Niagara College
Welland, ON
Inventory Management (Research Project)
 - Collaborated as a team to develop and update an inventory management website at Niagara college
 - We Implemented a good tracking order for the login system that was created
 - I was mostly involved with the HTML and CSS part of the program as others were more into the data modelling structure, adding of POS (Point of Sale) system to the inventory system and jQuery for more functionality
- 05/2022 - 08/2022
Niagara College
Welland, ON
Capstone Project
 - In this project, Using Microsoft Excel spreadsheet. I worked with multiple worksheets and entered formulas and functions to calculate totals, averages, maximum values, and minimum values etc. To keep track of sales and inventory.

- I developed a presentation for Corporate marketing retreat (Front Range Action Sports) using Microsoft PowerPoint.
- I edited and created documents for a National Sales Meeting that will precede a Winter Sports Expo sponsored by Front Range Action Sports using Microsoft Word.

Education and Training

- Expected in 04/2024 **3 Year Advanced Diploma** in Computer Programming and Analysis (Co-op)
Welland, ON Niagara College
- 10/2020 **High School Diploma**
Lagos, Nigeria Wellspring College
